## **DESTINATION RATE SCHEDULE**

**REF: GT\_12/24** 

#### **General Terms and Conditions:**

- Rates are valid till 31st December 2024

#### **Important Notes:**

- Completion of customs clearance formalities may take up to 3 - 5 working days

We are experiencing increased custom in spections of HHG shipments while transiting through Belorussian - Russian border points. Belorussia is the gateway for road and rail transportation between EU, Russia, Kazakhstan and The Central Asian Republics. As a member of Eurasian Customs Union, Belorussian customs has a legal right to inspect all transit shipments regard less of final destination of the shipment in the CIS territory. Our recent experiences show that general description of packed items on the packing list in not accepted by the Belorussian customs and triggers vigorous customs inspection of the shipments. In order to avoid border custom inspections and consequential confiscation of undeclared goods or penalties, we highly recommend to follow below instructions:

1. Please do not pack prohibited items (new items, alcohol, medicines without prescriptions, drugs, food items, materials containing terroristic information, weapons, etc). In case there are still new items, please make sure to remove original packaging or price tags. Only 3 liters of alcohol is allowed, make sure to put beverage name and description. Medicines must be listed in the inventory and packed with prescriptions.

2. Do not allow undeclared goods in the Packing list. Avoid inserting general description of packed items on the packing list, such as Kitchen ware, Clothes, Bedroom items, PBO, Miscellaneous, etc.

3. Please mention exact name or description of the item and quantities on the packing list, such as 12 Water Glasses, 5 T-shirts, 1 Guitar, 10 Books, etc.

4. Electronic items — please put technical description, name and model. Some electronic appliances are prohibited/restricted or require special permission, so please check with us in advance prior to pack out of the shipment.

5. Please mention exact quantity of items on the packing list.

6. Please mention exact gross weight of each individual carton on the packing list.

#### IMPORTANT NOTE:

Please convey this information to your packing crews and origin agents prior to the pack-out of any shipment moving

to Russia, Kazakhstan and The Central Asia Republics by surface.

Please email us the packing lists prior to dispatching the shipment so we can verify it to make sure it meets customs requirements. Please do not dispatch the shipments without our green light!
